DELEGATES PLEDGED TO VICE PRESIDENT JOE BIDEN

SENATOR DON DAVIS

Growing up in eastern N.C., my grandmother, with only a high school diploma, raised me. She scraped and sacrificed just for my mom to go to college. Grandma taught us the real value of education and hard work. Being second-generation in my family to go to college, I find myself wanting the same for my children that grandma wanted for me. Joe Biden backs efforts to put college in reach for more students by cutting high college tuition and has been a fierce champion for workers. We share many of the same values. As a U.S. Air Force veteran and State Senator, I trust Joe Biden to keep us safe and rebuild our economy. North Carolina, the East, and America need him as President. I'm all in!

EVAN DAY

Like some of you my first involvement in a Presidential campaign was volunteering for President Obama's campaign in 2008. One of the things I learned from that experience is when we work together we can change the country for the better. In 2008 people of all ages and backgrounds came together. President Obama won (including in NC) and was able to change the country for the better. Now more than ever it is clear we need competence and compassion back in the Oval Office. The incompetence and hate that emanates daily from Trump must be rejected. I look forward to working together with you to win and elect Joe Biden as the next President and again change the country for the better. It would be my great honor to represent you as a Biden delegate and I respectfully ask for your support. The journey continues and the work goes on.

VIOLA FIGUEROA

Mr. Biden's support of Educators and Military personnel speaks volumes of his dedication and I have never wavered in my dedication to being a Democrat. I have held many roles: NCDW Executive Board Member, NCDW Region 8 Director, WCDW Historian, WCDP 2nd Vice Chair, WCDP Office Manager, Precinct 17 Chair for over 6 years, and SEC member and proxy for over 8 years. I have served as the President of the AAC-WCDP. I currently serve as the 1st Commander of the Veterans Military and Families Caucus of the NCDP-Wayne County Chapter 3 - role I proudly serve in honor of my deceased husband Sgt. A. Figueroa. I have been a Campaign Manager for two currently sitting Judges. I ask for your vote as a dedicated Democratic Diva. I ask for your vote as an African American Woman that does not mind doing what it takes to get and keep great Democrats in Office!

Joe Biden cares about all of us. Throughout his lifetime, he has shown a genuine concern for all Americans and he has conducted himself at all times with great integrity. He served President Obama with an unrelenting loyalty and dedication to purpose. More than any other candidate in the presidential race this year, Joe Biden demonstrated that he understands the history of the world and America's place in it. As a consequence of his personal experiences with grief, he has learned to deal with very difficult personal challenges. In the November campaign against Donald Trump, Joe Biden will prove that America will be strong and an ever-present ally to our friends and a formidable adversary to selfish dictators. The children of America will have a President they can look up to and he will be their friend. Joe Biden will lift the Democratic Mansion. As Democrats, we need to give Joe Biden the same energy that he will give us.

PONCE MOODY

I look at this as an opportunity to teach local youth about the process as well as being a part of it. I feel that my generation has dropped the ball as far as teaching our kids the importance of voting. The problem isn't not voting. The problem is that they don't know why they should. We have to correct this past error.

KELVIN STALLINGS

We are certainly in a fight for the soul of our country, and Vice President Biden is a capable leader who can help bridge the divide and put this country back on the right track. We live in dangerous times and we need a President who understands foreign policy, has relationships across the aisle, and garnishes respect around the world. In that regard, Joe Biden is the one we desperately need in the White House during this tumultuous time. If elected, I will be proud to be one of the many delegates sent from my CD to Wisconsin to represent the district, my state and our party in such a honorable capacity.

KALVIN WALL

I would like to represent my candidate to ensure my input and ideals are heard firsthand. I have in the past two years given great thought as to how we, as Democrats can move our party forward. It is part of our duty to ensure that our voices are heard on all issues and that is why I want to represent my candidate as well as be a North Carolina Delegate. I would absolutely love to represent my candidate and be a North Carolina Delegate, to have the opportunity to serve my home state would be great. Plus, I want to do all I can to ensure that Joe Biden is the next President of the United State and Dr. Jill Biden is the next Frist Lady of the United States. The Biden's work and platform are in line with my very own. They both understand the work that must be done, and I feel they are ready to do the work. This again is why I want to represent my candidate. Should have any questions please do not hesitate to contact me.

DELEGATES PLEDGED TO SENATOR BERNIE SANDERS

CATHERINE LEAKE

I am one of the few millennials in Eastern NC that strongly support Bernie Sanders. I have seen him listen and take action. That makes me feel confident about his consistency, his values, and his purpose. Bernie Sanders knows his purpose and follows it. He encourages others to do the same.

AVERI STEVENS

Averi Stevens is a grassroots activist who puts action into motion when facing challenges regarding racial injustices, women's rights, and religious equality. In 2016 Averi worked with Black Men for Bernie Sanders. She helped to mobilize a cross country venture after the Democratic Convention in Philadelphia to Standing Rock, North Dakota, where we built a school for indigenous youth in honor of Bernie Sanders. I would be honored to represent Bernie Sanders at the National Convention because he has consistently advocated for equality and in this country we need somebody that will stand up. Like Bernie Sanders, I am on a mission to help make this world a better place. Presidential Electors

SYDNEY MCLEOD

I feel that becoming a Presidential Elector would give me an amazing opportunity to give back to the Democratic Party, by doing my part to help elect our Democratic nominee into office!

OXENDINE WILSON

I believe this country has gotten away from true patriotism. The kind of patriotism which dictates that a government be responsible for the well being of it's entire population. I believe the Republicans have become so engrossed in being Republicans that they pay little attention to what is actually happening in and to our country. I believe that Democrats are still willing to fight for what's best. We care for our country's holistic well being, right down to the last citizen, because it's our duty.
