National Convention Delegates

DELEGATES PLEDGED TO VICE PRESIDENT JOE BIDEN

ANN CLIPP

I became active in politics because of Joe Biden's time served as Vice President. While I did not know much about politics at the time, I knew I wanted to be a part of the change that was happening in 2008. Vice President Biden understands that there is no America without a strong Middle Class. He has fought tirelessly for working class people, and he does so with dignity and integrity. I feel like he can bring back those things to the Oval Office.

WILLIAM FLYTHE

I want to continue my support of the "Obama Legacy" by representing Vice President Joe Biden at the Democratic National Convention. My support began in 2007 with the weekly delivery of a newspaper in my community that tracked the campaign of then Presidential candidate Barack Obama. It continued over the years with numerous letters to the editor and multiple local campaigns that promoted democratic principles. Currently, my campaign goals for Brunswick County Commissioner are to: Increase Funding for Public Education, Promote Economic Development, and Protect the Coastal Environment. Finally, the BCDP 2020 Express is leaving the station. Our success on the campaign "track" will shock the nation. If you won't use your hands and feet to be a hauler, Then use your mouth and ears to be a caller. Steamed Up! Ready to go!

KRISTINE GARRITY

As the presumptive presidential candidate, it is essential that moderates, progressives, and Democratic Socialists unite to support Joe Biden. United we will succeed, divided we will surely fail, and hand Trump another four years. Electing Joe Biden is the first step in repairing the damage done to our country by the current administration, and an opportunity to advance federal policies that will truly make America great. The delegates from the different factions of the Democratic Party must work together to put forward a party platform that benefits all people of our nation, and not just the few. If we can accomplish this, we will create a legacy that not only we, but future generations can be proud of.

CAROL JOHNSON

North Carolina Democrats are committed to ensuring that the delegates we send to the 2020 National Convention in Milwaukee represent the voters of this state. Therefore, it is critical that we not only send delegates from blue counties, but those from red counties as well. Pender County Democrats deserve to have their voices heard at the National Convention. As of yet, we have not been represented. It is time to elect a Pender County Democrat. I represent the Pender County Democrats, Public School Teachers and the LGBTQ Community. This is the most important election of our lives. Democracy either flourishes and grows with a united party or it withers and dies with a divided country. There is no in-between. I ask that you vote for Carol Ann Johnson to be the first to represent Pender County at the National Convention in 2020.

DORIS WALLACE

My name is Doris Wallace, a life time Democrat, dedicated to fighting for social justice and equity for all. I have been a committed supporter for Vice President Biden for many years now. My commitment to Vice President Biden has been consistent and unwavering. I am dedicated to organizing grass-root campaigns to ensure Democrats get elected statewide and nationally. I have experience working on President Clinton, President Obama, and many statewide elected officials campaigns throughout the nation. In addition to my political experience, I have worked on numerous organizing campaigns in collaboration with my union family, and those relationship remain stronger than ever before. If given the opportunity to win your vote, I will ensure I organize across the nation to build bridges, not walls within our communities. I will work hard to ensure the average voter understands the urgency to vote in this upcoming election for Vice President Joe Biden. Ultimately, each of us must do what is necessary to make Donald Trump a one-term President. I would be honored to earn your vote and represent you as the delegate for Vice President Joe Biden.

DWIGHT WILLIS

Elections matter and every presidential election is important. However, because of what we have experienced as a nation during the past four years this election matters more than any other in my lifetime. Since we already know that Joe Biden will be the party nominee, the role of delegates is to adopt a platform that reflects the big tent of the Democratic Party and embraces the progressive and moderate wings of the party. My goal as a delegate to the Democratic Convention is for the Democratic party to leave Milwaukee as a united party with a winning ticket and a winning platform specifically designed to remove #45 from the Oval Office and elect Democrats at every level.

DELEGATES PLEDGED TO SENATOR BERNIE SANDERS

JOHNNY GUADALUPE-SHAVER

I humbly ask for your support for my candidacy as a delegate to the DNC. I have worked my hardest with our fellow Democrats to create a better North Carolina. While I may be young, I am able to bring a passion and fire that is needed to help us win the White House. So again I ask for your support at our district convention.

GARY KOST

I have voted Democrat in every national election since 1972. My parents were both beneficiaries of FDR's New Deal. I follow in my parents footsteps and vision in supporting Bernie Sanders quest to become the next president of the United States. He is the only candidate that stands for Health-care for all, a Green New Deal, a minimum wage hike to \$15/hour, and removing big money from politics. With Bernie as our President we can forge forward with these policies to make this world a better place for our children and grandchildren.

WENDY MAY

As a former Sanders delegate to the 2016 national convention I started a movement to increase the number of Veterans, and Native Americans as delegates. I am ready to help the next president of the United State.

ADRIAN DOMENECH MERCADO

Understanding that the only way we win against Donald Trump is together, is one of the reasons I would be humbled to represent Bernie Sanders as a delegate to the Democratic National Convention. Achieving economic, racial, social, and environmental justice for everyone are principles that have guided me to put 150% into our party. As a Puerto Rican, I mourn the 4,645 deaths from Hurricane Maria, as a North Carolinian I am unsettled by the most blatant gerrymandering that we have seen in modern history, and as your brother, I am troubled because the dreadful mismanagement of this pandemic will undoubtedly lead to more pain and suffering. Unity is an inevitable process we must all endure, with my principles and your support we will be the change this country so desperately needs. I would be honored to gain your support. Thank you!

DELEGATES PLEDGED TO MICHAEL BLOOMBERG

DEBBI FINTAK

I am pleased to represent Mike Bloomberg, former mayor of New York , who ran a great campaign in North Carolina and was supported by many of the voters of Pender County. We need to remember what he said on the day he ended his race. "I've always believed that defeating Donald Trump starts with uniting behind the candidate with the best shot to do it, it is clear that candidate is my friend and a great American, Joe Biden.

DISTRICT SEVEN

Presidential Electors

LINDA BAKER

I have always felt that in order to benefit from a society, one has to contribute to it; I have volunteered in my community for my entire adult life. Contributing to our democratic process is no different, and if I can make a difference, I want to serve. As a life-long Democrat, woman, mother/grandmother of women and men of color, this election is critical to insure our country follows the true course of freedom and that democracy is preserved.

JOHNNY SHAVER
